THE SPRINKLER.
Sprinkle, sprinkle, little cart,
You must play a busy part.
In this busy, dirty town,
If you keep the dust all down,
You will keep the dirt all out,
Work away with all your art,
Don't let your water stop,
While the porters raise the dust.

One of the best and most important features of the Safety Investment Co. is the fact that it furnishes to persons of small means, laborers, persons on salaries, etc., a means of investing profitably a portion of their income, however small. The results are obtained by the co-operation of large numbers, and the small investor has the same proportionate profit as the large one. Besides encouraging the saving of earnings, it gives a profit on them.

THE LEADER yesterday published a challenge from the Eckfords, an old-time ball club of Mayville, for the Y. M. C. A., and in behalf of the latter team, Rev. F. W. Harrop, Secretary, has the following to say:

JULY 10th, 1901.
Dear Public Ledger, Mayville, Ky.—Editor Sir: By all means let us pick the matter of a ball game between the "Eckfords" and Y. M. C. A. If a representative of that team will call on me or appoint a place of meeting I shall be happy to arrange this matter, and I am sure that our local Y. M. C. A. will be a decided gainer by such a game. Now, Mr. Editor, do your best to promote this matter, and let everybody take hold and "root" either for the Eckfords or the Y. M. C. A. Very sincerely,
F. W. Harrop,
Secretary Y. M. C. A.

MR. CHARLES W. ZWIGART.

Was Married Yesterday Afternoon to a Newport Lady.

A quiet home wedding occurred yesterday afternoon at 3 o'clock at 515 York street, Newport, in which a well known Mayvillian took a very prominent part.

The ceremony, which was performed by the Rev. Richard Harris of St. Paul's Episcopal Church, united the lives of Mr. Charles W. Zwigart of this city and Miss Emma Veith of Newport. The marriage will no doubt be quite a surprise to a large number of the groom's many friends here, as no public announcement of the event had been made.

Mr. Zwigart is a member of one of Mayville's oldest and most respected families, while his bride, who is a daughter of Mrs. F. Veith, is a very charming woman.

After the ceremony Mr. and Mrs. Zwigart left for the West, their trip probably to embrace a visit to the Pacific Coast cities.

No definite plans have been made as to their future residence upon their return here.

REFERRING to the second indictment of JUSTUS GORBEL by the Democratic Kent County Grand Jury. The Commercial Tribune says—"Suspension of public opinion will be again asked, and should again be granted, for JUSTUS GORBEL is entitled to all safeguards of the law. Incidentally, however, it may be suggested that from the very day of the arrest of any person, who, soever, charged with complicity in the assassination of Senator WILLIAM GORBEL, the GORBELS not only did not attempt to suspend public opinion, but on the contrary, aroused it against the suspects, and still endeavor to arouse it, notwithstanding the Court of Appeals has said in all the appealed cases that the accused were not convicted according to the laws of Kentucky. Nevertheless, let that be granted to JUSTUS GORBEL, which he has so persistently refused to grant to others."

EVER since the Democratic primary in Kenton county the Goebelites have been trying to find out "where they are at." Of one thing it is positively assured, and which no doubt gives him a great deal of satisfaction, and that is, he gets good and even with ALLIE YOUNG, Judge CASTRILL and Governor BECKHAM for their interference with him as District Committeeman when he desired to reorganize the Committees of Kenton and Campbell counties—the Legislative ticket nominated being anti-Castrill, anti-Beckham and anti-Young. Judge CASTRILL will be unable to get a single vote from Kenton, notwithstanding he was solemnly assured by ARTHUR GORBEL that he should have them all if Committeeman HENRIER of Scott would not sustain PUGH at the Frankfort meeting.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mother and grandmother never thought of using it until she got Indigestion or Biliousness. Doctors were scarce and they seldom heard of Appendix, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and circulate action of the system, and that is all they took when feeling dull and had headaches and other aches. You only need a few drops of (green) August Flower in liquid form, to make you satisfied there is nothing sicker the matter with you. Get the First Alliance. *For sale by J. Jas. QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mother and grandmother never thought of using it until she got Indigestion or Biliousness. Doctors were scarce and they seldom heard of Appendix, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and circulate action of the system, and that is all they took when feeling dull and had headaches and other aches. You only need a few drops of (green) August Flower in liquid form, to make you satisfied there is nothing sicker the matter with you. Get the First Alliance. *For sale by J. Jas. TESTS. PATIENCE.

The Most Patient Mayville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition, Nothing takes a man's patience, Like any richness of the skin. Nothing gives a man more of a headache, Than a little more of a headache. All day it keeps you miserable, All night it keeps you awake. Ichi! Ichi! Ichi! with no relief, Just the same with Eczeema. Can hardly keep from scratching it, You would do so but you know it makes it worse.

Such medicines are daily decreasing. People are learning that can be cured. Learning the merit of Doan's Ointment. Plenty of those who Doan's Ointment will cure Miles, Eczeema or any other Itchiness of the skin.

Read the testimony of a Mayville citizen. "H. Poth of Forest avenue says: 'Doan's Ointment is a wonderful preparation and cures as if by magic. For a long time I had an itching of the scalp, which was particularly troublesome just before a rain. Learning that Doan's Ointment was highly recommended for troubles of the scalp, I got a box at J. Jas. Wood & Son's Drugstore corner of West Second and Market streets, and in a few days the itching was gone. Two months have since elapsed and I have not to return what was the affliction.'

The most costly state funeral which has ever taken place was, perhaps, that of Alexander the Great. A round million was spent in laying Alexander to his rest. The body was placed in a coffin of gold, filled with costly aromatics, and a diadem was placed on the head. The funeral car was embellished with ornaments of pure gold, and its weight was so great that it took eighty-four mules more than a year to convey it from Babylon to Syria.

SULTAN PAID UP.

A Draft for \$95,000 Received in Settlement of the American Claim Against Turkey.

THIS AFTER ABOUT TEN YEARS' DELAY

These Claims Are Principally Based Upon Losses by Missionaries and Educational Institutions.

In Making This Settlement Turkey Has Re-Established Cordial Relations Between That Country and This One.

Washington, July 11.—After about ten years' delay, the sultan of Turkey has paid the claims of the United States government. A cablegram from United States Minister John E. Leishman, at Constantinople, received at the state department announces that he has received a draft for \$95,000 in settlement of the American claims, which has been deposited in the Ottoman bank, subject to the disposition of the department.

These claims are principally based upon losses suffered by American missionary and educational institutions in Turkey, notably those at Harpoot and Menash, but there are a number of others. For more than a decade the American claims have been pending. Minister Terrell initiated them; Dr. Angell went over to collect them but returned unsuccessful. After several years in Constantinople, then Minister Strauss took them up, and when he resigned he passed them over to his successor, Mr. Leishman, who recently completed his heavy charge to Mr. Leishman, and while to the latter minister belongs the credit of actually collecting the money, it is said at the state department that each and everyone of the officers named has contributed valuable services toward the final settlement.

In making the payment Turkey has re-established cordial relations between the two countries.
